HOMECOMING THEME

This year, TCU Homecoming is all about honoring tradition, celebrating excellence, and fueling our fierces. This year, TCU Homecoming is all about honoring the journey that made Fort Worth our home. From our beginnings in Thorp Spring, to an interim chapter in Waco, and finally finding our place in Fort Worth, TCU knows the power of a road trip. Today, Horned Frogs can be found across the globe, so wherever you go, no matter the distance, direction, or destination, you can travel with pride knowing that “All Roads Lead to TCU.”

“**All Roads Lead to TCU**” should feel like a road trip with your favorite people. Open roads. Windows down. Aux blasting. With a road-trip style parade and destination-worthy events throughout the week, Homecoming will feel like a journey worth taking. Every event becomes a “pit stop” along the way, all building up to the TCU Horned Frogs versus the West Virginia Mountaineers football match up on Saturday.

Participating student organizations will compete across multiple Homecoming categories, using the theme as their creative foundation throughout the week (banners, floats, and more). Organizations may interpret the theme literally or creatively through pop culture references, iconic symbols, or storytelling.

- **Pick a Mode of Transportation:** Choose a specific mode of transportation to build your theme around or choose a pop culture reference (movies, music, etc.) that centers around road trips, driving, or travel. Example themes: “Cars” the movie, trains, planes.
- **Represent a Landmark or Pit Stop:** Pick a landmark or pit stop to build your theme around. Example themes: Route 66, Buccees, Grand Canyon.

Themes will be on a first come, first serve basis. If we discover that 2 or more groups have a similar theme during the registration process, we will notify your group to allow you the opportunity to change your theme.
